To whom it may concern

We have recently had Premier Sports and Leisure revamp our tennis court. They installed a new half court tennis court with synthetic grass in our complex over our previous acrylic court.

We found Premier Sports and Leisure easy to work with, very communicative and professional in their manner. The improvement on our court is amazing. All the work was carried out on time with no problems arising at all.

We have had many of our tenants comment on how much they enjoy the new tennis court and how much fun they are having on it. We are thoroughly impressed with Premier Sports and Leisure and would definitely recommend them.

If you would like to ask any further questions please don't hesitate to call on the numbers above.
